

SANFORD
HEALTH

At Sanford Health, they are dedicated to the work of health and healing. Every day, they show that commitment by delivering the highest quality of care to the communities they serve.

They are leaders in health care and strive to provide patients across the region with convenient access to expert medical care, leading-edge technologies and world-class facilities.

Sanford Health is the largest health care provider in the region with over 10,000 employees in the Fargo-Moorhead area.

Anchored by North Dakota's largest medical center, Sanford Fargo serves as a regional health care hub with close to 60 percent of patients coming from outside the metro area.

People come from hundreds of miles away for treatment and cures not found in other areas, helping keep high quality care close to home.

Sanford Fargo is part of Sanford Health, one of the largest health systems in the nation with 43 hospitals and nearly 300 clinics in nine states and four countries.

Sanford Health's 28,000 employees, including more than 1,300 doctors, make it the largest employer in the Dakotas.

Nearly \$1 billion in gifts from philanthropist Denny Sanford have allowed for several initiatives, including global children's clinics, genomic medicine and specialized centers researching cures for type 1 diabetes, breast cancer and other diseases.

Sanford Health's mission, dedicated to the work of health and healing, promises to provide the best care possible for patients at every stage of life.

Their new medical center is opening in July 2017. This will be a world class medical facility equipped with the best technology and brightest medical experts in the country.

It is located at 5270 22nd Ave. S. in Fargo. This center is over one million square feet, and will have 284 beds. They expect to serve over 50,000 patients annually at this new campus.

Below are a few comments from employers who attended this event last year:

- It was great to meet a variety of applicants face to face. You can discuss their interests and find out their strengths.
- Loved the advertising!
- Nice, steady traffic flow.
- Really liked the facility, like that it is located right off 13th Ave.
- Liked that the radio did live spots from the job fair.
- So easy to pre-screen applicants on a quick, informal basis.
