Founded in 2010 by former Fortune 100 software veterans, Razor Consulting Solutions, Inc. employs some of the region’s top project managers, custom software developers, and outsourcing experts.

They wake up every morning with the uncompromising mission of providing exceptional people, flawless execution, and innovative products to customers ranging from local small businesses to global organizations in multiple industries.

They have assisted in the start-up of several successful companies from $0 to profitability, and have turned non-profitable entities into nationally recognized brands through sales consulting.

Razor Consulting is headquartered in Watford City, N.D., with majority operations in Fargo, N.D. Razor Consulting was named the fastest growing private company in North Dakota on the 2016 Inc. 5000 list, and its two founders were just named the North Dakota Small Business Persons of the Year by the U.S. Small Business Administration.

Starting as a two-person company 6 ½ years ago, Razor Consulting has had the privilege of growing within the Fargo, Moorhead, West Fargo community to an employee base of nearly 50 full-time employees.

The support of the community, along with the highly educated, hard-working population in the area provides the perfect environment for current growth and future expansion of the company.

Being a female and minority-owned small business, and having recently received 8(a) certifications by the federal government, part of Razor’s future expansion plans will be centered around state and federal government contracting.

Also, having over a decade of experience implementing and growing high performing sales teams, Razor Consulting will have a strong focus on helping companies reach the sales targets they need to survive and thrive through resource augmentation and sales consulting services.

Regardless of what the future holds, Razor Consulting is committed to maintaining its “people before profits” culture and providing exceptional people and value to their customers.

JOB SERVICE IN ACTION

“I called the Fargo Job Service office as I was looking for wage information for several positions in my new clinic. They were able to send me a link to their Employment and Wages by Occupation publication, which provided a brief job description of the titles I was seeking along with entry, average and experienced wage information for each title. It was exactly what I was looking for.”

~ Mark Schaefer, clinic manager, Community Medical Services

NORTH DAKOTA BENEFITS GUIDE

The North Dakota Labor Market Information Center recently released the 2016 edition of the Benefits Guide. Benefits have become an increasingly important component of an employee’s total compensation package and employers are using benefits as a tool to improve retention and recruitment and to determine competitiveness across industries.

The Labor Market Information Center conducts a benefits survey in which North Dakota business establishments are asked to provide information about specific benefit offerings and options such as:
• paid-time-off,
• health insurance, and
• retirement.

The survey results are published at the statewide level and by 20 major industries and cover both full-time and part-time employment.

Job Service North Dakota and Rural Minnesota Concentrated Employment Program (CEP) are hosting a 2nd Chance Career Fair on Thursday, June 8 from 2:00 p.m. to 4:00 p.m. at the Fargo Job Service office.

This career fair is designed to assist people with barriers to employment, whether it is homelessness, a criminal record, someone on government assistance, or someone that has gaps in their employment.

Employment and livelihood are pillars of human dignity, and gainful employment is critical to the stability of the formerly incarcerated and other individuals facing barriers to the workforce.

Employment helps them regain and maintain stability and self-sufficiency.

The Second Chance Career Fair seeks to provide an opportunity to eliminate some of these challenges by connecting displaced workers to job opportunities in our community.

Call 701-239-7357 for more information.

Office Hours:
Monday - Friday
8:00 a.m. - 5:00 p.m.
