

# IS THE YOUTH EMPLOYMENT AND TRAINING PROGRAM RIGHT FOR YOU?

The Youth Employment and Training Program could be a great fit for you if you're ready to invest in yourself and take positive steps forward with the support of your case manager and the program. You'll take part in activities designed to help you thrive in school and build the skills you need to succeed on the job:

- Partnering with a tutor to strengthen your skills and boost your confidence in school.
- Gaining support to build important school skills, like effective studying and smart time management, so you can feel more confident and in control.
- Exploring alternative school options that can help you find the learning environment where you thrive.
- Discovering how what you learn in school connects to real-world jobs and future opportunities.
- Exploring exciting careers and industries in your community to discover what inspires you.
- Taking part in job shadowing to experience what different careers are like firsthand.

- Building your understanding of banking basics, including checking accounts and credit scores, to strengthen your financial confidence.
- Looking for future job advancement opportunities, reviewing job requirements, and preparing yourself for better jobs as they become available.

Before we explore the activities that will be the best fit for you, let's take some time together to understand your strengths, interests, and the challenges you're facing. This step is an important part of the program and helps us create a plan that truly supports your success. While eligibility is required, selection for the WIOA Youth Program is based on finding the right match for your needs and goals—and this process helps ensure you receive the support that benefits you most.

## YOUTH EMPLOYMENT AND TRAINING PROGRAM

Are you looking for support to complete your high school diploma or GED, build the skills needed for future job opportunities, or connect with a mentor? The Youth Employment and Training Program is here to help you succeed in school and open doors to your community.

# PLANNING YOUR EMPLOYMENT FUTURE

## YOUR SUCCESS DEPENDS ON YOU!

If you're between 14 and 24, you have the opportunity to shape a career that could span decades. Make the most of your future by exploring careers that align with your skills, passions, and interests, setting yourself up for a fulfilling and rewarding journey.

Make decisions that will have a positive impact on your future:

- Graduate from high school or get a GED.
- Develop job skills.
- Research career and education options.
- Develop and surround yourself with a supportive network of family and friends.

Think about the following steps as you plan for employment:

- Career planning
- Finding and preparing for a job
- Furthering your education
- Gaining experience
- Making a positive impression

The activities you'll take part in are designed to help you grow the skills you need to succeed both in school and in the workplace. Your youth case manager will meet with you regularly to celebrate your progress and explore new opportunities, which could include more advanced activities or a job in a field you're passionate about.
